WORK EXPERIENCE

Denning Technology and Management Minor Program (T&M)

Aug 2024 - Present

Student Assistant

Atlanta, Georgia

- Setup and run biweekly events for the 130-person interdisciplinary minor
- Provide event planning support (speakers, networking, programs, presentations, team building)
- Office management (18 hrs/week): visitor screening, supply restocking, organization

Kappa Alpha Order Leadership

Nov 2024 - Present

Treasurer

Atlanta, Georgia

- Implemented new banking system reducing risk and improving usability
- Manage fraternity's \$600,000 cash flow: budgeting, spending, collections, transparency
- Established a prudential committee (required by our national organization) which makes financial decisions for the chapter.

CLEANR INC

Dec 2023

Testing Intern

Cleveland, Ohio

- Executed use cases and test scripts for washing machine microplastics filter
- Analyzed results for necessary prototype modifications
- Transported prototype from Seoul to Cleveland for accelerated testing

ADWATCH MEDIA INC

May 2022 - May 2023

Digital Development Intern, Part-time

Alpharetta, Georgia

- Collaborated on design and development of CLEANR website (cleanr.life)
- Tested subsidiary site UX, surveyed user feedback, and reported issues/improvements

PROJECTS

Atlanta Food Finder - Scrum Web Development

Web application assisting consumers in finding local restaurants. Built with Django, Google Maps

API, geolocation services, and user authentication. Served as product owner and backend developer, managing team tasks and ensuring timely project completion.

Spotify Wrapped - Scrum Web Development

Personalized analytics platform inspired by Spotify Wrapped, integrating Spotify API and Django backend with CI/CD pipeline. Implemented secure authentication, data visualization, and user-friendly dashboard design.

Wayfair - Strategy Consulting

Analyzed Wayfair's business strategy and financials and made recommendations to realign segments of their business with their business model.

XBox - Marketing Consulting

Came up with a marketing strategy for Xbox (in class) centered around the release of Call of Duty: Black Ops 6. Many aspects of our recommendation were similar to X Box's eventual actions.

SodaMix - Marketing Analytics

Analyzed restaurant data from Toast for multiple locations of SodaMix. Found an error in the way employees were logging data, as well as made recommendations to increase volume at different hours of the day.

Fraternity Payments - Treasurer

Pitched a new banking system for our fraternity to disburse funds and make payments. I had to get the new system approved by the chapter and then onboard that system.

Collection of Delinquent Balances - Treasurer

Devised a strategy to collect dues deemed uncollectible from members. Collected more than \$10,000 from members and alumni who did not pay dues. Invested that money in CDs.

Budgeting and Tracking - Treasurer

Created a budget for the \$600,000 in cash flows. Moved the budget and transactions list to Google Sheets and shared with all members. Created a breakdown of what an individual paid for with their dues payments.

SKILLS

Tech Tools: Python, Java, Django, HTML, CSS, JavaScript, Google Cloud, ChatGPT (REST API), Excel, Microsoft Office, Google Workspace, Radiant, Git, GitHub, Trello, Figma, CI/CD, Agile, SCRUM, Heroku, Wix, WordPress, Toast
